

# Share the Gospel Engage Community Fuel Your Mission

The ultimate engagement platform for churches: mobile apps, giving, online sermon players, TV apps, podcasting, and more!

# Engage Your Audience on Sunday and Beyond

Apps have become the primary digital tool for daily interaction with your community. Since your app will be used more than your website, think mobile first! Here are just a few examples of ways people can use your app.

## APP FEATURES

# The Complete Solution

We realize you work hard to create audio and video content each week—that's why we built the all-in-one media delivery solution. With one click, you can publish your content to your mobile apps, your sermon player online, podcasts, and your TV apps. We focus on the most beautiful presentation of your content on the most channels so that more people can access and benefit from your work.

## INCLUDED PLATFORMS

Mobile and Tablet Apps

Sermon Web Player

# Expect Results

Churches using The Church App Platform see:

## INCREASED GIVING

See your giving increase by 10-15% or more with Subsplash Giving.

## ENHANCED PRESENCE

Your church app is accessible from all major app stores, and right on people's home screens.

## DEEPER ENGAGEMENT

Greatly increase your church's engagement level, from sermon plays to your connect card.

## SAVE TIME AND RESOURCES

Save thousands of dollars every month on card processing rates and printing costs, as well as hours spent managing multiple solutions.

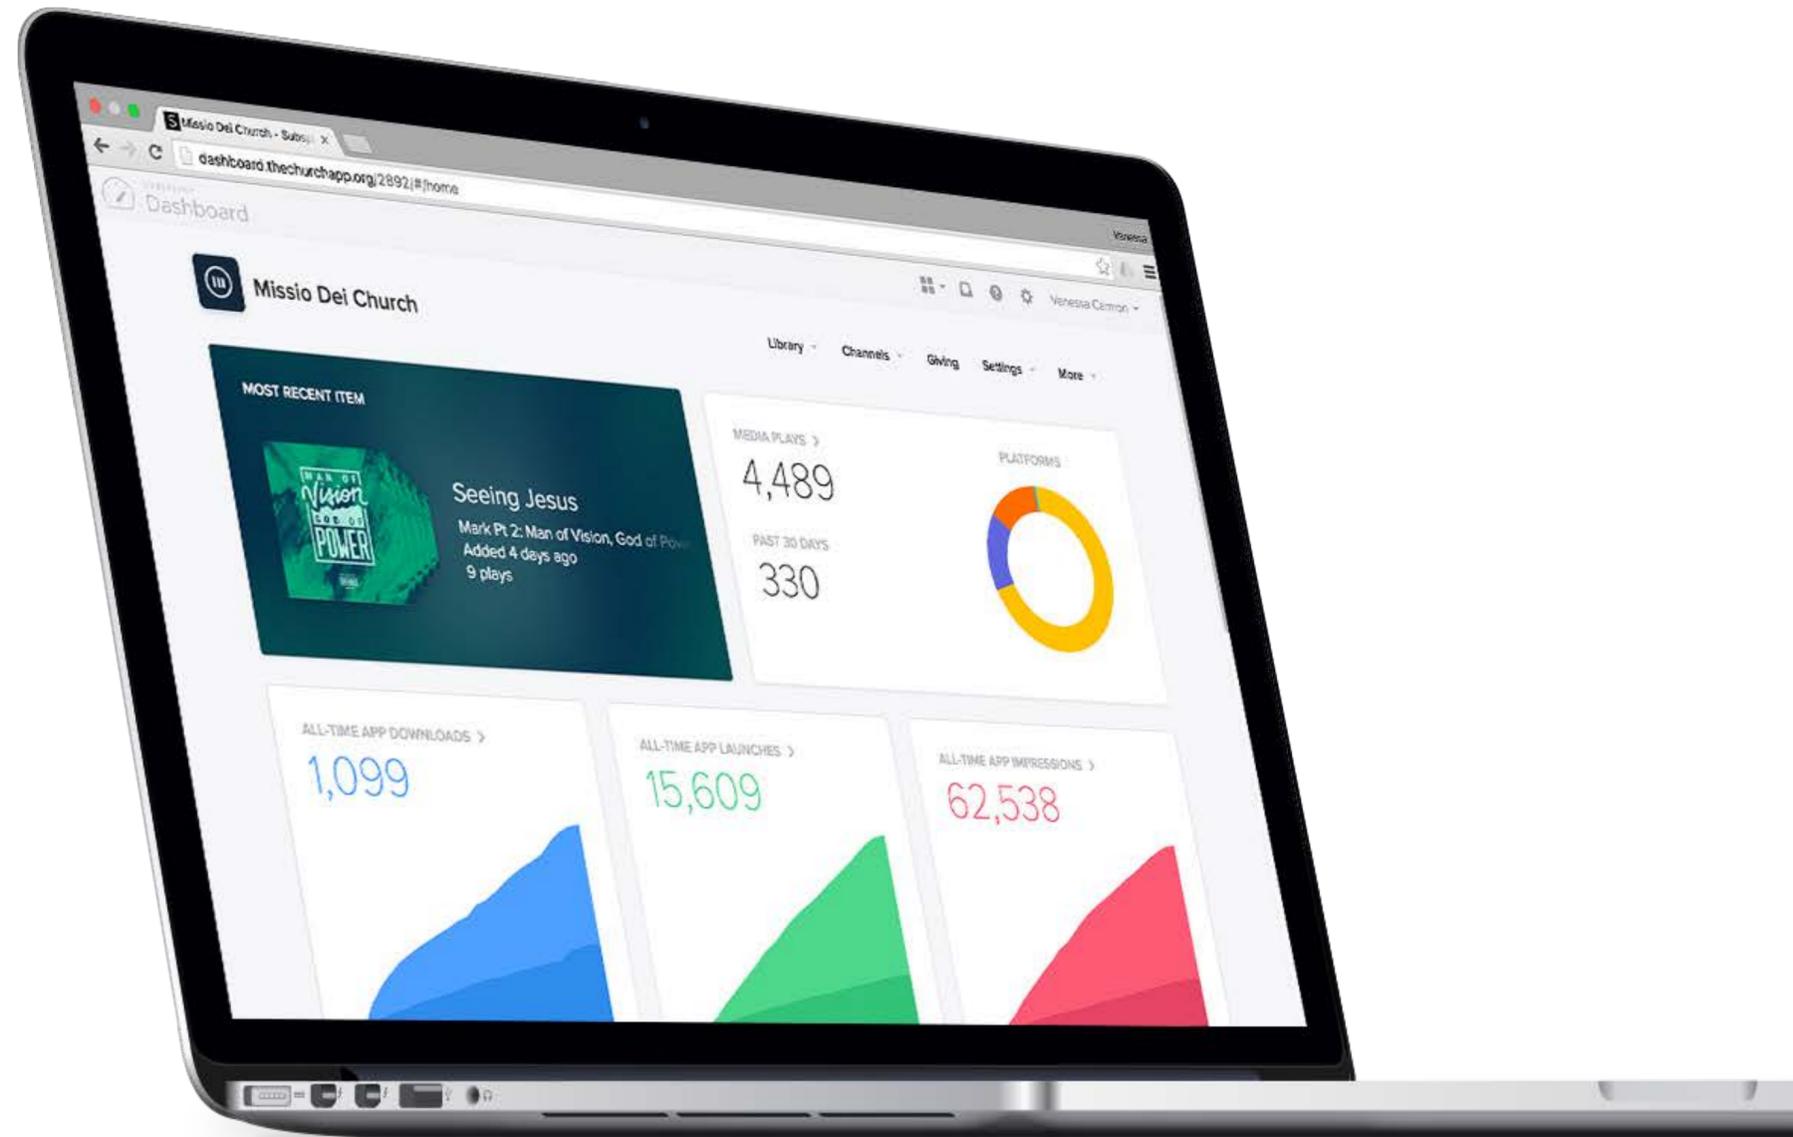

## EXPANDED REACH

You should expect to see at least 2-10 times as many downloads of your app as attenders in your church.

# Simple and Powerful Dashboard

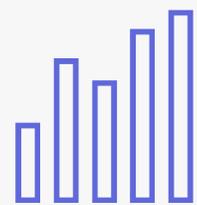

We give you the control to easily customize and manage your app in real time in our simple yet powerful Dashboard. Don't worry—it's easy, and we'll work with you every step of the way.

# The Best Presentation of Your Media

## NATIVE MOBILE APPS

We've built our audio and video players inside of our apps to be the best possible presentation of your media for each device. Built for viewing, built for sharing, built to enjoy.

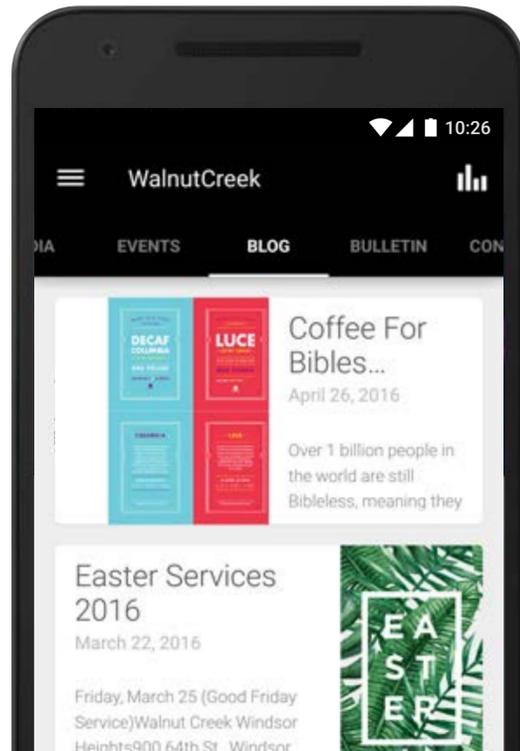

## SERMON WEB PLAYER (Included in all app packages)

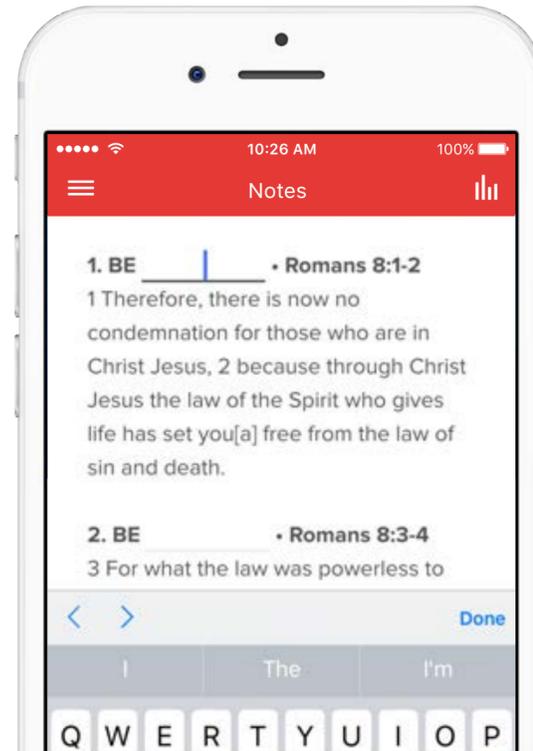

We include a web version of every audio and video file you create. You can make this your entire media archive on your website or simply use it for sharing and individual embeds. This was built to help save you time and enhance the presentation of your sermons.

# Guaranteed Quality

We focus on the details and think about the end user experience first. It's not just about checking the box on each feature, it's about making something beautiful that your community will enjoy using on a daily basis. Your app will be designed and optimized for every single device and feature, no web shortcuts here! Apps are your centerpiece for engagement. Churches succeed when they invest in their mobile experience!

## NATIVE APPS BUILT FOR:

-  iOS Phones, iOS Tablets
-  Android Phones, Android Tablets
-  Windows Phone
-  Fire Phone, Kindle Fire Tablet

# Guaranteed Service

When you put others first, everyone wins. Subsplash has invested in people to ensure your success. Our team is curated from Seattle's finest – Mobile Consultants, Giving Experts, and Tech Enthusiasts.

The success of your app is a team effort and we want you to thrive.

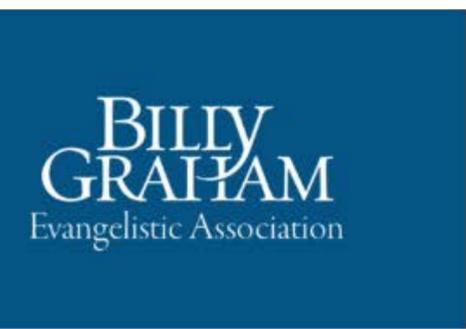

From implementation and tech support, to an ongoing account manager who's with you every step of the way, we love serving you!

# The Subsplash Story

The original app platform for churches and ministries, used by over 50% of the top 100 churches. Since our early days of serving Fortune 500 companies, we have always loved quality design and delighting our end users. Today we are blessed to serve thousands of ministries reaching millions of people and seeing billions of impressions through our platform.

# Kind Words

Apps are the best tool for online engagement and the Subsplash Platform is the best option for your communication needs. But don't take our word for it...

“You guys are doing a great work for the church. Grateful to be on the leading edge of content delivery with you guys. May God use our meager efforts to extend His Word and do His work.”

**–TYLER KENNEY, LIGONIER MINISTRIES**

“We've received rave reviews already about [the app] because it provides one more medium to extend our messages about the gospel out to the world. Love you guys and pray the Lord's rich blessings on you and your team members. May the gospel be shared over and over through the work you guys do and may our great King's name be glorified.”

**–MATT CHANDLER, THE VILLAGE CHURCH**

“I just wanted to take a quick minute to share my experience with Subsplash and creating our church app. The customer service is beyond comparison and they are always doing things to stay up to date with new technologies and needs of the church as a whole... we have been able to reach almost double if not more than our regular Sunday attendance.”

**–CODY JEFFRIES, THE CHURCH OF POWER**

“I love how easy it is to update our media on the app and web with one touch. Best investment we have made.”

**–EVAN HANKINS, CORNERSTONE FELLOWSHIP**

If you have any questions or need help implementing any of these features, we'd love to talk with you!
